

## Introduction:

DH\_LegalText is a generator effect for Final Cut Pro/Express which makes it easy to comply with broadcasters' guidelines for the minimum text height (usually on legal disclaimers in commercials). The height of text can be accurately measured without leaving Final Cut

**If you find this plug-in useful then please do tell your friends and colleagues but please don't just give them a copy.... We have deliberately made all our plug-ins available individually so they are as affordable as possible.**

**The more plug-ins we sell, the more we will be encouraged to develop new and useful plug-ins in the future.**
